

PR Newswire provides China press release distribution service to Marintec China 2011 exhibitors

Dear Exhibitors,

PR Newswire (www.prnewswire.com) is the premier global provider of multimedia platforms that enable communicators and marketers to leverage content to engage with all their key audiences. We provide end-to-end solutions to produce, optimize and target content – from rich media to online video to multimedia – and then distribute content and measure results across traditional, digital, mobile and social channels.

PR Newswire's powerful and extensive news distribution network in China covers 15,000-plus journalists representing more than 4,500 media outlets across the country, including 800 general media, 3,700 trade publications & 50 major foreign news media. We also help you reach financial terminals such as Bloomberg, Thomson Reuters, Factiva and Dow Jones, as well as major web portals like Sina, Sohu, NetEast and Tencent. All press releases distributed by PR Newswire will be pushed to 10,000,000 smartphones in China through our partnership with leading cellphone content suppliers; and will be visible to Chinese iPhone users through our iPhone App.

If you are looking for brand, publicity and lead generation in the booming Chinese market, you can achieve these goals by:

- Engage media and industry audience by sharing your essential announcement through PR Newswire's unique content distribution network in China
- Drive visitor traffic to your booth by publicizing your company news in the local market
- Generate enquiries and sales leads by reaching to a wider range of potential buyers beyond the show floor
- Leverage photo distribution (embedded in your news release) to visualize your product and brand message

PR Newswire offers you, as the honored exhibitor at Marintec China 2011, with an all-inclusive China news distribution service at **USD 935**, which combines one-time press distribution with your company logo, a photo, complimentary Chinese translation (up to 1,000 words; USD 10 per extra 100 words) and an on-line monitoring report.
